Present Land Use/Zoning/General Plan Designation:

Grazing land. Zoned Agricultural Productive (AP). General Plan Agriculture (A).

Project Description: (please use a separate page if necessary)

The project proposes a use permit regarding a cannabis cultivation facility at 1180 Riverside Road near Hollister. The cannabis activities would take place in a new 4,600-square-foot building to facilitate the growing of cannabis plants. A separate, smaller building approximately 1 500 square feet in area would contain offices, and the business would involve 6 to 10 employees. In addition, a large residence of approximately 4,000 square feet, including residential and storage space, would stand near Riverside Road, uphill from the commercial buildings. Grading would take place across approximately 30 percent of the site with 500 cubic yards of cut material and 500 cubic yards of fill to form the building sites and the driveway, plus a retention pond. The resulting driveway would run down the hill from near the northern terminus of Riverside Road. The site would be served by an on-site well, two water-storage tanks, a septic system, and electrical and telecommunications connections. This study revises the prior study on the same project dated September 10, 2021.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X".
If you have already sent your document to the agency please denote that with an "S".
